

# Environmental Management

## What does this program do?

- ◆ **Municipal environmental compliance:**
  - Asbestos
  - Lead-Based Paint
  - Indoor Air Quality
  - Environmental Site Assessments
  - Stormwater Pollution Prevention
- ◆ **Hazardous Product Center (HPC):**
  - Residential and small business hazardous waste collection
  - Drop and Swap area for reuse
  - Recycling of latex paint for exterior use
  - Extraction of refrigerants from appliances

# Environmental Management

**How many people does the program employ?**

- ◆ **Sustainability and Environmental Manager/ Section Head (Rebecca Sayers)**
- ◆ **Environmental Program Manager (Scott Donovan)**
- ◆ **Environmental Technician (Melissa Klatzker)**
- ◆ **Environmental Program Specialist (Lauren Hertz)**
- ◆ **Environmental Assistant (Noah Eisenman)**
- ◆ **Environmental Aide (part time/vacant)**

# Environmental Management

## Accomplishments from last fiscal year

- ◆ **Characterized petroleum contamination on railroad property in advance of U.S. Army Corps of Engineers construction of the Rio De Flag Flood Control Project**
- ◆ **Coordinated with the railroad to perform future removal of contamination on their property, eliminating approximately \$350,000 in anticipated city costs**
- ◆ **HPC: 22% increase in electronics tonnage collected for recycling**

# Environmental Management

## Approved budget this fiscal year

- ◆ **\$338,564 Personnel**
- ◆ **\$136,151 Contractual and Commodities**
- ◆ **\$474,715 Total budget**

# Environmental Management

## Next Steps

- ◆ **Research options for in-town acceptance of fluorescent light bulbs, electronics and batteries**
  - ◆ **Assist with the design of a new Public Works Yard to minimize the potential for operations to impact stormwater**
  - ◆ **Promote and partner on pharmaceutical drop off events hosted by outside agencies**
-
